FOMEX

FOMEX GLOBAL

Your Reliable Vietnam Plywood Partner for International Markets

Fomex Global helps international plywood buyers secure consistent quality, full compliance, and transparent supply chain solutions from Vietnam.

We are built for long-term cooperation, not short-term transactions.

We serve buyers across EU, Middle East, USA, Japan, Korea, and Asia-Pacific, delivering plywood solutions designed to meet strict international standards and real operational needs

WHY FOMEX GLOBAL

Buyer Pain Points

Common challenges faced by plywood buyers:

- ✗ Inconsistent quality between shipments
- ✗ Compliance risks (FSC, CARB-P2, EUDR, CE, formaldehyde limits)
- ✗ Late delivery and poor logistics coordination
- ✗ Suppliers disappearing after shipment
- ✗ Limited technical support and weak after-sales service.

Our Solutions

Common challenges faced by plywood buyers:

- ✓ Controlled supply chain within the FOMEX ecosystem
- ✓ Dedicated QC & inspection before shipment
- ✓ Transparent documentation and traceable origin
- ✓ Clear communication, proactive updates, and accountability
- ✓ Long-term partnership mindset with repeat-shipment focus

➤ We don't just sell plywood ➤ We reduce risk, stabilize supply, and protect your business

ABOUT FOMEX GLOBAL

Founded as a core export arm within FOMEX GROUP, Fomex Global specializes in plywood export and international wood solutions.

We work closely with selected manufacturing partners and in-house QC teams to ensure:

- Consistent quality across batches
- Technical specifications aligned with each market
- Full compliance with destination-country regulations

Fomex Global represents the international face of Vietnamese plywood - reliable, professional and built for long-term cooperation.
